### PROFILE

With over a decade of dedicated expertise as a Front-End Developer, I bring a wealth of experience in crafting visually captivating and highly functional web experiences. My extensive proficiency in HTML5, CSS3, JavaScript, TypeScript and a range of frontend frameworks, including React and Vue.js, has consistently enabled me to deliver user-centric solutions that drive engagement and conversions across various industries. I'm not only well-versed in optimizing web performance and ensuring cross-browser compatibility but also excel in collaborating seamlessly with cross-functional teams, leading projects to successful fruition, and staying ahead of industry trends and emerging technologies. My unwavering commitment to delivering top-notch frontend solutions continues to drive innovation and excellence in my career.

### WORK EXPERIENCE

#### Front-End Developer

Slickdeals LLC, Las Vegas, NV

2016 - 2023

- Translated flat design files to clean, accessible and interactive user experiences.
- Developed and maintained user-facing websites using HTML5, CSS3 (SCSS), and JavaScript (TypeScript and Vue.js).
- Imparted specific expertise and knowledge to peers and staff through individual mentoring and team efforts.
- Researched new technologies related to front end development for future implementation.
- Reviewed design mockups to provide feedback to designers on usability.
- Provided ongoing maintenance support for existing projects after deployment.
- Collaborated closely with the back-end developers to integrate API calls into the front-end codebase.

#### Front-End Developer

R&R Partners, Las Vegas, NV

2013 - 2016

- Developed and maintained Wordpress themes.
- Provided ongoing maintenance support for existing projects after deployment.
- Integrated third-party APIs with existing Wordpress sites to extend functionality.
- Reviewed design mockups to provide feedback to designers on usability.
- Wrote style guidelines for client-facing applications developed by cross-functional teams.

#### Junior Front-End Developer

SK+G Advertising , Las Vegas, NV

2011 - 2013

- Developed and implemented web applications using HTML, CSS, JavaScript, jQuery, AJAX and PHP technologies.
- Assisted in the design of user interface features, site animation and special effects.
